## Sand Filter with ClearPro Technology<sup>®</sup>

By Pentair Pool Products<sup>®</sup>

## Revolutionary technology redefines sand filter performance

While traditional sand filters can only remove particles in the 50–100 micron range, Sand Dollar<sup>®</sup> sand filter with patented ClearPro Technology<sup>®</sup> removes particles five times smaller...well below what your eye can detect. And that's the difference between a clean pool and one that truly sparkles.

The secret is a proprietary component inside the filter—an exclusive porous tube that water must pass through before re-entering your pool. It creates a final barrier to the small particles sand cannot stop, including the finest dust particles, algae and pollens. The result is a level of water clarity never before possible. In fact, Sand Dollar with ClearPro Technology achieves the same level of clarity as legendary diatomaceous earth (D.E.) filters.

At the same time, Sand Dollar is incredibly simple to operate and maintain, and it's built with long-term reliability in mind. Stunning performance. Supreme simplicity. Superior value.

### Illustrating the Difference

*The graphics above illustrate, in a technically accurate way, the difference when ClearPro Technology is at work—far superior water clarity. The difference is particularly dramatic at night when pool lights can highlight particles in the water—not so when ClearPro Technology is on the job.*

# Sand Dollar®

## Sand Filter with ClearProTechnology®

Six-function multi-port valve for easy control of all filter functions

- Filter
- Backwash
- Rinse
- Waste
- Closed
- Recirculate

One-piece thermoplastic tank for strength and corrosion resistance

Combination water and sand drain for easy service and winterizing

### Sand Dollar Top Mount

Model Number	Filter Area Sq. Ft.	Vertical* Clearance	Filter Diameter	Required Sand† (lbs)	Flow Rate GPM**	Turnover Capacity-Res. (Gallons)		
						8hrs.	10hrs.	12hrs.
SD 80 CP	3.5	74.0"	26"	350	75	36,000	45,000	54,000

† Use standard #20 silica sand.  
 \* Required clearance to remove the valve.  
 \*\* Maximum flow rate.

### Stunning performance and supreme simplicity

Pool filter operation doesn't come any easier. The Sand Dollar® sand filter features a multi-port valve that puts all filter functions right at your fingertips—just rotate the handle to the desired position and Sand Dollar does the rest for sure and simple operation.

- One-piece thermoplastic tank for exceptional strength, corrosion resistance and long life.
- Combination water and sand drain makes servicing and winterizing fast and easy.
- Special internal design keeps sand bed level for consistent performance and extended time between cleaning cycles.
- Attractive almond color blends with any outdoor décor.
- One-year limited warranty. See warranty for details.
